

Community Supported Agriculture (CSA) is a partnership with a farm in which you purchase a share in the season's harvest, rather than a specific item of produce. This support for the whole season bolsters our ability to weather the risks inherent in farming. Buying a CSA share is committing to your own health and that of your family and community. A CSA share offers a connection with your food and with seasonal rhythms, encouraging healthy eating habits.

Summer Vegetable CSA  
members pick up their shares at the farm  
on  
Monday or Friday  
between 3pm and 6:30pm  
June 3<sup>rd</sup> – November 1<sup>st</sup>

*We harvest rain or shine and regardless of holidays*

Harvests vary week to week and year to year, depending on the weather. We design our plantings to ensure a diverse selection of ten to twenty crops each week. Shareholders choose which vegetables they take from what we have harvested.

Shareholders enjoy visiting the farm and picking flowers, berries, cherry tomatoes and more in our Pick Your Own area.

*Farmstand open at the same time, with other products available including:  
Seedlings, Grain, Eggs, Beef, Lamb, Yarn*

## Vegetable CSA Options & Pricing

We have three size options and three schedule options to meet the needs of different households.

### Full Summer Season June 3<sup>rd</sup> to Nov 1<sup>st</sup>
